

Need money for school? We've got you covered

With the **Smart Option Student Loan® for Career Training**, you can apply once and get money for all your eligible school expenses for an entire year¹—including everything here:

- ✔ Tuition
- ✔ Housing
- ✔ Transportation
- ✔ Fees
- ✔ Meals
- ✔ Technology
- ✔ Books

You can even cover a past due balance.²

Consider a cosigner

Last year, students who applied for a loan with a cosigner were nearly **4X more likely to be approved³**

A cosigner is a creditworthy adult who agrees to be equally responsible for making sure your loan is repaid on time.

Apply for cosigner release⁴

You can apply to release your cosigner from the loan after you've taken these three steps:

- ✔ You've graduated
- ✔ Made 12 on-time principal and interest payments
- ✔ Met certain credit requirements

Borrow responsibly

We encourage students and families to start with savings, grants, scholarships, and federal student loans to pay for college. Students and families should evaluate all anticipated monthly loan payments, and how much the student expects to earn in the future, before considering a private student loan.

Explore federal loans and compare to make sure you understand the terms and features. Private student loans that have variable rates can go up over the life of the loan. Federal student loans are required by law to provide a range of flexible repayment options, including, but not limited to, income-based repayment and income-contingent repayment plans, and loan forgiveness and deferment benefits, which other student loans are not required to provide. Federal loans generally have origination fees, but are available to students regardless of income.

Sallie Mae loans are subject to credit approval, identity verification, signed loan documents, and school certification. This loan is available to students at participating schools and is not intended for students pursuing a graduate degree. Student or cosigner must meet the age of majority in their state of residence. Students who are not U.S. citizens or U.S. permanent residents must reside in the U.S., attend school in the U.S., apply with a creditworthy cosigner (who must be a U.S. citizen or U.S. permanent resident), and provide an unexpired government-issued photo ID. Requested loan amount must be at least \$1,000.

1 Loan amount cannot exceed the cost of attendance less financial aid received, as certified by the school. Sallie Mae reserves the right to approve a lower loan amount than the school-certified amount. Miscellaneous personal expenses (such as a laptop) may be included in the cost of attendance for students enrolled at least half-time.

2 No more than 365 days can pass from the loan period end date to the first disbursement of the loan. At the time of request, the student must be enrolled, intending to enroll, or have graduated. The student must have been enrolled during the prior enrollment period for which the loan is requested and must not have withdrawn with no intention of re-enrolling, as verified by the school.

3 Based on a comparison of approval rates for Career Training Smart Option Student Loan borrowers who applied with a cosigner versus without a cosigner during a rolling 12-month period from October 1, 2020 through September 30, 2021.

4 Only the borrower may apply for cosigner release. To do so, they must first meet the age of majority in their state and provide proof of graduation (or completion of certification program), income, and U.S. citizenship or permanent residency (if their status has changed since they applied). In the last 12 months, the borrower can't have been past due on any loans serviced by Sallie Mae for 30 or more days or enrolled in any hardship forbearances or modified repayment programs. In addition, the borrower must have paid ahead or made 12 on-time principal and interest payments on each loan requested for release. The loan can't be past due when the cosigner release application is processed. The borrower must also demonstrate the ability to assume full responsibility of the loan(s) individually and pass a credit review when the cosigner release application is processed that demonstrates a satisfactory credit history including but not limited to no: bankruptcy, foreclosure, student loan(s) in default or 90-day delinquencies in the last 24 months. Requirements are subject to change.

5 Interest is charged starting when funds are sent to the school. With the Fixed and Deferred Repayment Options, the interest rate is higher than with the Interest Repayment Option and Unpaid Interest is added to the loan's Current Principal at the end of the grace/separation period. Payments may be required during the grace/separation period depending on the repayment option selected. Variable rates may increase over the life of the loan.

6 Although we do not charge a penalty or fee if you prepay your loan, any prepayment will be applied as outlined in your promissory note—first to Unpaid Fees and costs, then to Unpaid Interest, and then to Current Principal.

7 The borrower or cosigner must enroll in auto debit through Sallie Mae to receive a 0.25 percentage point interest rate reduction benefit. This benefit applies only during active repayment for as long as the Current Amount Due or Designated Amount is successfully withdrawn from the authorized bank account each month. It may be suspended during forbearance or deferment.

8 Borrowers and cosigners with an available FICO® Score and a Sallie Mae-serviced loan with a current balance greater than \$0, may receive their score quarterly after the first disbursement of their loan. The FICO® Score provided to you is the FICO® Score 8 based on TransUnion data. FICO® Scores and associated educational content are provided solely for your own non-commercial personal review, use and benefit. This benefit may change or end in the future. Choose what's right for you

When it comes to how you'll pay back your loan, you're in control. You choose the type of interest rate, and the repayment option you want. The choices you make will affect how much your loan will cost you in the long run.

Interest rates

Fixed rate

Fixed interest rates stay the same. If you want predictable monthly payments, this is the option for you.

OR

Variable rate

Variable interest rates generally start out lower than fixed rates, but they can rise and fall, which means your payments may vary over time.

Repayment options

Option 1

Make interest-only payments while in school⁵

- Want to save the most money over time? Choose this option.
- Keeping up with the interest will help you lower the total cost of your loan.

Option 2

Pay a fixed amount each month while in school⁵

- Paying a fixed amount while in school could save you money over time.
- Unpaid interest will accrue (add up) during school.

Option 3

Make no payments until after school⁵

- You can defer payments if you need to.
- The total cost of your loan will be more, as interest accrues while you're in school.

Pay off even sooner

- ✔ You can always make extra payments whenever you want, which can help you pay off your loan sooner and save money.
- ✔ We'll never penalize you for paying off your loan early.⁶

Pay less for your loan

Here are some ways to lower your total loan cost and make school more affordable.

Make interest-only payments while in school

Students who make interest-only payments while in school typically get an interest rate that is 1 percentage point lower than those who defer payments.⁵

Enroll in auto debit

Get a 0.25 percentage point interest rate reduction when you make monthly loan payments with auto debit.⁷

Apply with a cosigner

Students who apply with a cosigner may get lower interest rates.

Did you know?

Making on-time loan payments can help you build credit—and we'll help you track it with free quarterly access to your FICO® Score.⁸
